Referendum Controls Liquor in Province

Clause "D" Took Lead With First Count in County District and Was Never Headed; Returns Slow

RECENT VOTES IN MANITOBA AND IN BRITISH COLUMBIA

WINNIPEG, Nov. 5.—In the referendum on June 22 the voters of Manitoba approved government control and sale of liquor by a majority of 58,705 for and 48,879 against.

British Columbia adopted the government control system on October 20, 1920, by a majority of 54,847, the vote being 50,688 for and 34,741 against.

WET AND DRY SUPPORTERS COMMENT UPON ALBERTA VOTE

Pratt in Line for Gov't Control Says F. W. Russell

CAUSE AWAKENING SAYS 'DRY' LEADER

H. W. Wood of the U.F.A. Refuses to Make Any Comment

WINNIPEG, Nov. 5.—F. W. Russell, president of the Manitoba Association of Drys, said today that the result of the referendum in Alberta was a very important step in the temperance cause.

"I am not surprised at the result," he said. "I think the result will have the effect of awakening the people of Manitoba to the fact that there is an alcohol problem in this province."

"I think the result will have the effect of awakening the people of Manitoba to the fact that there is an alcohol problem in this province."

SEVEN YEARS PROHIBITION AT AN END IN THE PROVINCE

Alberta Follows the Course Taken by Manitoba in Vote Last June

BEER CLAUSES NOT FACTOR IN BATTLE

An Overwhelming Majority from the Rural Polls for Gov't Sale of Liquor

Having had seven years of prohibition in Alberta, following the course of Manitoba, the province has today voted to end the same.

The result of the referendum was a decisive victory for the government, the vote being 58,705 for and 48,879 against.

Premier and Attorney-General Decline to State Govt. Policy

What action will be taken by the provincial government to bring into effect the new liquor legislation demanded by Alberta electors in yesterday's referendum, was the question heard on all sides in the city last night.

Premier Greenfield and Attorney-General Brownlee at midnight flatly refused to comment on the result.

"I have absolutely nothing to say until the final returns are in," the premier declared. When it was pointed out that the majority for government control was then in the vicinity of 25,000, he still insisted that he had no statement to make.

Will the legislature be called together within the next month or so to consider a new act based on today's endorsement of Clause "D" and government control? he was asked.

"I cannot say what will be done," he replied.

"Would it be within the bounds of probability to say that a session of the house would be called in December?" the interviewer insisted.

"There are no grounds for making any such assertion," the premier warned.

Attorney-General J. E. Brownlee was equally reticent. "I've no statement to make to-night," was his answer to the newspaperman's query.

It is altogether likely, however, that the cabinet will decide on a December session of the legislature to deal with the problem of enacting a law to regulate government control and sale of liquors as asked for by the electors Monday. This was indicated by many of the private U.F.A. members of the house in unofficial statements during the last two weeks. It was apparently realized that enforcement of the present prohibition law could not be successfully carried on for any considerable length of time if the system of government control was endorsed by the province.

Edmonton City Majority Placed At 3459 as Result of Latest Returns Compiled Last Night

Eighteen Polls Only Out of 185 Were Reported in Dry Column—Many Spoiled Ballots Were Received in All Parts of the City

Returns compiled up to midnight last night for the city of Edmonton gave a majority of 3,459 for Clause D over Clause A.

In a number of the polls it was impossible last night to get complete figures, but in almost every poll the supporters of "B" and "C" were small.

In the 185 polls in the city more than 18,500 was a "dry" majority. The large "dry" vote was at Patricia Hall, 110th street, where the vote was: A, 106; B, 4; C, 2; D, 74.

Others in the "dry" column included 11,408 95th street, Pioneer Press, South Side, Erskine church, 11602 129th avenue, 10635 123rd street, 11015 81st avenue, 9563 107th avenue, 10377 90th street, 11301 76th avenue and MacKay avenue school.

Many spoiled ballots were reported from all over the city, principally due to the present system of using numbers instead of the old familiar "X." Deputies' certificates, handed in by acquirers at "dry" headquarters, showed a total for the 20 polls of 151 spoiled and 10 spoiled ballots. Among these, Poll No. 123, led with 20 spoiled ballots rejected; this poll was located at 10409 92nd street.

TEMPORARY SETBACK ONLY SAYS H. H. HULL, SOCIAL SERVICE LEO

SURPRISED AT B.C. ACTION IN DRUG CHARGE

Taking with H. H. Hull, secretary of the Alberta Social Service League, to say that the prohibition movement was not discouraged and that the forces were ready for the next campaign. This, he said, was only a passing phase of the world's prohibition movement, and that the forces were ready for the next campaign.

He had predicted that there would be a "dry" majority in the city of Edmonton, and that the forces were ready for the next campaign.

JUGO-SLAVIA IS PRE-EMPTORY IN NOTE SENT TO BULGAR GOVT

Gives Forty-eight Hours in Which to Satisfy Demands

FOUR CONDITIONS IMPOSED AT SOFIA

Note Says That Attack Is Regarded as a Political Crime

BEIGRADE, Nov. 5.—Jugo-Slavia in a note presented at Sofia today gave Bulgaria 48 hours in which to fulfill demands for reparation in consequence of attacks on the Jugo-Slav military attaché in Sofia last Friday.

The conditions are:

First—Bulgarian government must present its excuses and regrets to the Jugo-Slav representative in Sofia.

Second—The Bulgarian minister of war must express his personal regrets to the Jugo-Slav military attaché, and

Third—A detachment of 250 Jugo-Slav soldiers with a flag must march before the attack is regarded as a political crime.

Two additional demands are for an energetic investigation to find and punish those guilty of the attack and for an indemnity to be determined by the international court at The Hague.

The note states that the attack is regarded as a political crime.

With slightly more than half of the 2,284 polls in the province heard from before the wires were closed last night, indication was given that government control and sale of liquor in Alberta will have a majority of over 30,000 votes as a result of Monday's referendum.

This means that the "wet" vote as represented by the questions "B" and "C" will have a lead of at least 35,000 over "A," the prohibition question. The beer questions were never a real factor in the battle as the first returns showed.

Yesterday's vote was by far the largest ever polled in the province, if the more outlying districts balled in proportion to the votes cast in the urban and close-in rural portions. It is expected that some time will elapse before the final returns are made. The fact, however, that Clause "D" has an overwhelming lead over the other questions on the preferential ballot makes unnecessary the task of allocating second and third choices by a special count at the government buildings in Edmonton.

Over Half the Vote Counted

CALGARY, Nov. 5.—(Canadian Press).—On figures compiled at 10:30 tonight there was a majority for government control in Alberta of 25,545 in a total counted vote of 114,933. Slightly more than half of the polls had reported, but they accounted for about 75 per cent of the expected vote.

At 10:30 a total of 1,170 polls, including the majority of those in Calgary and Edmonton, gave the following results:

A.—meaning continuation of prohibition, 42,963.

B.—meaning sale of beer in hotels, 3,114.

C.—meaning sale of beer by the government, 2,848.

D.—meaning government control, plus sale of beer in licensed premises, 65,058.

Results in Calgary

CALGARY, Nov. 5.—Bulletin—The Calgary vote with four or five polls missing is as follows:—D, 15,582; A, 7,950; C, 315; B, 225.

Latest Available Returns

The following provincial summary of the referendum results was all that was available from the polls in Alberta constituency at shortly before 11 o'clock last night.

FOUR TORONTO POLICE FACE MANSLAUGHTER

TORONTO, Nov. 5.—A special inquest on Monday in the case of the Toronto police officers—Patrick Brown, William Henry Mitchell, George Fraser, and James Anthony Gordon—was held at the coroner's court.

The charge arose out of the fatal shooting of John G. Thompson, a running shoe salesman, on October 10, 1922. The coroner's jury which investigated Thompson's death came to the conclusion that the use of force in this case was not justified.
